Report No. SAT-01242

Friday June 9, 2017

Policy Branch Information Satellite Space Applications Accepted for Filing

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

SAT-PDR-20170411-00063 E S3013 Spectrum Five LLC
Date Filed: 04/11/2017 14:00:56:45600
Petition for Declaratory Ruling

Spectrum Five LLC requests access to the U.S. market through a 17/24 GHz Broadcasting-Satellite Service space station, BSSNET2A-95W, at the 95.15° W.L. orbital location. Spectrum Five states that BSSNET2A-95W will operate at 95.15° W.L. through an agreement with the Kingdom of the Netherlands. Spectrum Five seeks to access the U.S. market using the 17.3-17.7 GHz (space-to-Earth) and 24.75-25.25 GHz (Earth-to-space) frequency bands. Spectrum Five seeks to conduct telemetry, tracking, and command operations at the edges of these same frequency bands.

We have changed Spectrum Five's IBFS file number from a PPL (Petition for Permitted List) to PDR (Petition for Declaratory Ruling) consistent with section 25.137.

For more information concerning this Notice, contact the Satellite Division at 202-418-0719; TTY 1-888-835-5322.
